## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Carstens (Reg. No. 34,134) on December 23, 2003.

The application has been amended as follows:

Cancel claims 13, 19-28, and 31 without prejudice.

Claim 14, line 5, please, change "said through hole adapted for flow" to --said through hole adapted to flow—for positive claim.

Claim 29, line 3, please, change "at least three mounting pads" to --at least one mounting pad--.

Claim 29, line 4, please, change "at least three interconnects" to --at least one U-shaped interconnect--.

Claim 29, line 5, please, change "the interconnects" to --the interconnect--.

Claims 29, line 6, please, change "the interconnects...the interconnects" to --the interconnect...the interconnect--.

***Allowable Subject Matter***

2. Claims 1-2, 4-12, 14,17-18, and 29-30 are allowed.

The following is an examiner's statement of reasons for allowance: the references cited in this and other the previous office actions disclose a power module having a board, at least one interconnect, and some other claim elements. However, they do not disclose or render obvious in combination of the interconnect comprising a contact surface having a through hole, and the through hole adapted to allow solder paste to flow into the interconnect to form a strong physical bond between an element and the board.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
